Management Report

Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the Simcoe County District School Board are the responsibility of the board management and have been prepared in accordance with the basis of accounting described in the summary of significant accounting policies attached to the consolidated financial statements.

The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Board management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Audit Committee of the board meets with the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to the Board of Trustee's approval of the consolidated financial statements.

The consolidated financial statements have been audited by BDO Canada LLP, independent external auditors appointed by the board. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the board's consolidated financial statements.

Independent Auditor's Report

To the Board of Trustees of the Simcoe County District School Board

Opinion

We have audited the consolidated financial statements of the Simcoe County District School Board and its controlled entities (the group), which comprise the consolidated statement of financial position as at August 31, 2021, the consolidated statements of operations, changes in net debt and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the group as at and for the year ended August 31, 2021 are prepared, in all material respects, in accordance with the basis of accounting described in the summary of significant accounting policies attached to the consolidated financial statements.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to the summary of significant accounting policies attached to the consolidated financial statements which describes the basis of accounting used in the preparation of these consolidated financial statements and the significant differences between such basis of accounting and Canadian public sector accounting standards. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation of the consolidated financial statements in accordance with the basis of accounting described in the summary of significant accounting policies attached to the consolidated financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group to cease to continue as a going concern.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements.
 We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

For the year ended August 31, 2021

The consolidated financial statements are prepared by management in accordance with the basis of accounting described below.

(a) Basis of Accounting

The consolidated financial statements have been prepared in accordance with the *Financial Administration Act* supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the *Financial Administration Act*.

The Financial Administrative Act requires that the consolidated financial statements be prepared in accordance with the accounting principles determined by the relevant Ministry of the Province of Ontario. A directive was provided by the Ontario Ministry of Education within memorandum 2004:B2 requiring school boards to adopt Canadian public sector accounting standards commencing with their year ended August 31, 2004 and that changes may be required to the application of these standards as a result of regulation.

In 2011, the government passed Ontario Regulation 395/11 of the *Financial Administration Act*. The Regulation requires that contributions received or receivable for the acquisition or development of depreciable tangible capital assets and contributions of depreciable tangible capital assets for use in providing services, be recorded as deferred capital contributions and be recognized as revenue in the statement of operations over the periods during which the asset is used to provide service at the same rate that amortization is recognized in respect of the related asset. The regulation further requires that if the net book value of the depreciable tangible capital asset is reduced for any reason other than depreciation, a proportionate reduction of the deferred capital contribution along with a proportionate increase in the revenue be recognized. For Ontario school boards, these contributions include government transfers, externally restricted contributions and, historically, property tax revenue.

The accounting policy requirements under Regulation 395/11 are significantly different from the requirements of Canadian public sector accounting standards which require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized
 as revenue by the recipient when approved by the transferor and the eligibility criteria have
 been met in accordance with public sector accounting standard PS3410;
- externally restricted contributions be recognized as revenue in the period in which the resources
 are used for the purpose or purposes specified in accordance with public sector accounting
 standard PS3100; and,
- property taxation revenue be reported as revenue when received or receivable in accordance with public sector accounting standard PS3510.

As a result, revenue recognized in the statement of operations and certain related deferred revenues and deferred capital contributions would be recorded differently under Canadian public sector accounting standards.

For the year ended August 31, 2021

(b) Reporting Entity

The consolidated financial statements reflect the assets, liabilities, revenues and expenses of the reporting entity. The reporting entity is comprised of all organizations accountable for the administration of their financial affairs and resources to the Simcoe County District School Board ("the board") and which are controlled by the Board of Trustees.

School generated funds, which include the assets, liabilities, revenues and expenses of various organizations that exist at the school level and which are controlled by the board are reflected in the consolidated financial statements.

The assets, liabilities, revenues and expenses of the Simcoe County Student Transportation Consortium are reflected in these consolidated financial statements.

Inter-departmental and inter-entity transactions and balances between these organizations are eliminated on consolidation.

(c) Trust Funds

Trust funds and their related operations administered by the board are not included in the consolidated financial statements as they are not controlled by the board.

(d) Cash and Cash Equivalents

Cash and cash equivalents are comprised of cash on hand, demand deposits and line of credit.

(e) Deferred Revenue

Certain revenue amounts are received pursuant to legislation, regulation or agreement and may only be used in conduct of certain programs or in the delivery of specific services and transactions. These amounts are recognized as revenue in the fiscal year the related expenses are incurred or services performed.

(f) Deferred Capital Contributions

Contributions received or receivable for the purpose of acquiring or developing a depreciable tangible capital asset for use in providing services, or any contributions in the form of depreciable tangible capital assets received or receivable for use in providing services, shall be recognized as deferred capital contributions as defined in Ontario Regulation 395/11 of the *Financial Administration Act*. These amounts are recognized as revenue at the same rate as the related tangible capital asset is amortized. The following items fall under this category:

- Government transfers received or receivable for capital purpose
- Other restricted contributions received or receivable for capital purpose
- · Property taxation revenues which were historically used to fund capital assets

For the year ended August 31, 2021

(g) Retirement and Other Employee Future Benefits

The board provides defined retirement and other future benefits to specified employee groups. These benefits include pension, life insurance, dental, health care, retirement gratuity, sick leave, workplace insurance benefits and long-term disability benefits.

As part of ratified labour collective agreements for unionized employees that bargain centrally and ratified central discussions with the principals' and vice-principals' associations, the following Employee Life and Health Trusts (ELHTs) were established in 2016-2017: ETFO, OSSTF, CUPE, and a trust for non-unionized employees including principals and vice-principals. The ELHTs provide health, life and dental benefits to teachers (excluding daily occasional teachers), education workers (excluding casual and temporary staff), other school board staff and retired individuals up to a school board's participation date into the ELHT. These benefits are provided through a joint governance structure between the bargaining/employee groups, school board trustees associations and the Government of Ontario. Effective November 1, 2016, the board is no longer responsible to provide certain benefits to ETFO, OSSTF and ETFO EW. The remaining groups transitioned to their respective Trusts throughout the 2017-18 year. This includes non-unionized employees, principals and vice principals, EWAO (APSSP), OCEW (OPSEU) and CUPE. School boards whose employee groups transitioned their health, dental and life benefits to the ELHT are required to remit a negotiated amount per full-time equivalency (FTE) on a monthly basis. Funding for the ELHTs is based on the existing benefits embedded within the Grants for Student Needs (GSN), including additional ministry funding in the form of a Crown contribution and a Stabilization Adjustment.

As a result of these agreements, employees who retire after August 31, 2013 are no longer eligible for board subsidized post-retirement benefits. For those who retired prior to August 31, 2013 and are grandfathered under the MOU, the board continues to provide health, dental and life insurance benefits for retired individuals and all employee groups, and continues to have a liability for payment of benefits for those who are on long-term disability or for some retirees who are retired under these plans.

The board has adopted the following policies with respect to accounting for these employee benefits:

(i) The costs of self-insured retirement and other employee future benefit plans are actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement, insurance and health care cost trends, disability recovery rates, long-term inflation rates and discount rates. The cost of retirement gratuities are actuarially determined using the employee's salary, banked sick days (if applicable) and years of service as at August 31, 2012 and management's best estimate of discount rates. Any actuarial gains and losses arising from changes to the discount rate are amortized over the expected average remaining service life of the employee group.

For self-insured retirement and other employee future benefits that vest or accumulate over the periods of service provided by employees, the cost is actuarially determined using the projected benefits method prorated on service. Under this method, the benefit costs are recognized over the expected average service life of the employee group. Any actuarial gains and losses related to the past service of employees are amortized over the expected average remaining service life of the employee group.

For the year ended August 31, 2021

(g) Retirement and Other Employee Future Benefits - continued

For those self-insured benefit obligations that arise from specific events that occur from time to time, such as obligations for workplace insurance benefits and long-term disability, the cost is recognized immediately in the period the events occur. Any actuarial gains and losses that are related to benefits are recognized immediately in the period they arise.

- (ii) The costs of multi-employer defined pension plan benefits, such as the Ontario Municipal Employees Retirement System pensions, are the employer's contributions due to the plan in the period.
- (iii) The costs of insured benefits are the employer's portion of insurance premiums owed for coverage of employees during the period.

(h) Tangible Capital Assets

Tangible capital assets are recorded at historical cost less accumulated amortization. Historical cost includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset, as well as interest related to financing during construction. When historical cost records were not available, other methods were used to estimate the costs and accumulated amortization.

Leases which transfer substantially all the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

Tangible capital assets, except land, are amortized on a straight-line basis over their estimated useful lives as follows:

Asset	Estimated Useful Life in Years
Land improvements with finite lives	 15
Buildings and building improvements	40
Portable structures	20
Furniture, equipment and computer equipment	3 - 15
Leasehold improvements	Over the lease term

Assets under construction and assets that relate to pre-acquisition and pre-construction costs are not amortized until the asset is available for productive use.

The useful life for computer hardware was revised from five years to three years based on new information related to the actual life of the assets. As such, additional amortization has occurred for these assets as needed to bring the net book value in line with this new policy. This change has been applied prospectively as a change in accounting estimate. The impact of this change in estimates is \$2,914,545.

For the year ended August 31, 2021

(h) Tangible Capital Assets - continued

Land permanently removed from service and held for resale is recorded at the lower of cost and estimated net realizable value. Cost includes amounts for improvements to prepare the land for sale or servicing. Buildings permanently removed from service and held for resale cease to be amortized and are recorded at the lower of carrying value and estimated net realizable value. Tangible capital assets which meet the criteria for financial assets are reclassified as "assets held for sale" on the consolidated statement of financial position.

Works of art and cultural and historic assets are not recorded as assets in these consolidated financial statements.

(i) Government Transfers

Government transfers, which include legislative grants, are recognized in the consolidated financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amount can be made. If government transfers contain stipulations which give rise to a liability, they are deferred and recognized in revenue when the stipulations are met.

Government transfers for capital are deferred as required by Regulation 395/11, recorded as deferred capital contributions (DCC) and recognized as revenue in the consolidated statement of operations at the same rate and over the same periods as the asset is amortized.

(j) Investment Income

Investment income is reported as revenue in the period earned.

When required by the funding government or related Act, investment income earned on externally restricted funds such as pupil accommodation, education development charges and special education forms part of the respective deferred revenue balances.

(k) Long-term Debt

Long-term debt is recorded net of related sinking fund asset balances.

(l) Budget Figures

Budget figures have been provided for comparison purposes and have been derived from the budget approved by the Board of Trustees. The budget approved by the Board of Trustees is developed in accordance with the provincially mandated funding model for school boards and is used to manage program spending within the guidelines of the funding model. Given differences between the funding model and the basis of accounting used by the board in the preparation of the consolidated financial statements, the budget figures presented have been adjusted to conform with this basis of accounting as it is used to prepare the consolidated financial statements.

For the year ended August 31, 2021

(m) Use of Estimates

The preparation of consolidated financial statements in conformity with the basis of accounting described in (a) above requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the year. These estimates and assumptions are based on management's historical experience, best knowledge of current events and actions the board may undertake in the future. The principal estimates used in the preparation of these consolidated financial statements are the determination of the liability for employee future benefits and the estimated useful life of tangible capital assets. Actual results could differ from management's best estimates as additional information becomes available in the future.

(n) Property Tax Revenue

Under Canadian Public Sector Accounting Standards, the entity that determines and sets the tax levy records the revenue in the financial statements, which in the case of the board, is the Province of Ontario. As a result, property tax revenue received from the municipalities is recorded as part of Provincial Legislative Grants.

(tabular amounts in thousands of dollars)

For the year ended August 31, 2021

1. Accounts Receivable - Government of Ontario

The Province of Ontario replaced variable capital funding with a one-time debt support grant in 2009-2010. The Simcoe County District School Board received a one-time grant that recognizes capital debt as of August 31, 2010 that is supported by the existing capital programs. The board receives this grant in cash over the remaining term of the existing capital debt instruments. The board may also receive yearly capital grants to support capital programs which would be reflected in this account receivable.

The board has an account receivable from the Province of Ontario of \$170,765,547 as at August 31, 2021 (2020 - \$176,618,966) with respect to capital grants.

During the year ended August 31, 2021, the board received payments from the Province of Ontario of \$34,486,255 (2020 - \$42,230,192), of which \$24,074,244 (2020 - \$32,115,033) is related to capital grants and \$10,412,011 (2020 - \$10,115,159) is related to debt support funding.

The Ministry of Education introduced a cash management strategy effective September 1, 2018. As a part of the strategy, the Ministry delays part of the grant payment to school boards where the adjusted accumulated surplus and deferred revenue balances are in excess of certain criteria set out by the Ministry. The balance of delayed grant payments included in the receivable balance from the Government of Ontario at August 31, 2021 is \$47,189,106 (2020 - \$38,826,039).

2. Temporary Borrowing

The board has a line of credit available to the maximum of \$35,000,000 to address operating requirements and to bridge capital expenditures.

Interest on the line of credit is the bank's prime lending rate less 0.35%. The line of credit is due on demand and is secured by a current Borrowing By-law. The amount drawn on the line of credit as at August 31, 2021 was \$NIL (2020 - \$NIL). This amount has been included in cash and cash equivalents on the Consolidated Statement of Financial Position.

The agreement covering the line of credit sets out the following covenant to be maintained by the board:

(i) aggregate borrowings for current expenditures and sums required to meet debt charges in a fiscal year not to exceed the unreceived balance of estimated current year revenues.

Simcoe County District School Board Notes to the Consolidated Financial Statements (tabular amounts in thousands of dollars)

For the year ended August 31, 2021

3. Deferred Revenue

Revenues received and that have been set aside for specific purposes by legislation, regulation or agreement are included in deferred revenue and reported on the Consolidated Statement of Financial Position.

Deferred revenue set aside for specific purposes by legislation, regulation or agreement as at August 31, 2021 is comprised of:

	 ance as at t 31, 2020	 Externally Restricted evenue and Investment Income	Transfer to Deferred Capital ontributions	Revenue Recognized in the Period	В	alance as at August 31, 2021
Legislative grants - operating Legislative grants - capital EPO grants Proceeds of disposition Education charges Other	\$ 10,735 10,402 56 7,262 220 1,819	\$ 83,239 38,399 15,098 6,557 9,623 6,887	\$ (11,931) - (1,500) - (2,021)	\$ (82,313) (24,600) (14,679) - (7,056) (4,181)	\$	11,661 12,270 475 12,319 2,787 2,504
	\$ 30,494	\$ 159,803	\$ (15,452)	\$ (132,829)	\$	42,016

4. Deferred Capital Contributions

Deferred capital contributions include grants and contributions received that are used for the acquisition of tangible capital assets in accordance with regulation 395/11 that have been expended by year end. The contributions are amortized into revenue over the life of the asset acquired.

	 2021	2020

5. Retirement and Other Employee Future Benefits - continued

(c) Retirement Benefits

(i) Ontario Teachers' Pension Plan

Teachers and related employee groups are eligible to be member of the Ontario Teachers' Pension Plan. Pro-rata matching contributions for these employees are provided directly by the Province of Ontario. The pension costs and obligations related to the pension plan are a direct responsibility of the Province. Accordingly, no costs or liabilities related to the pension plan are included in the board's consolidated financial statements.

(ii) Ontario Municipal Employees Retirement System

All non-teaching employees of the board are eligible to be members of the Ontario Municipal Employees Retirement System (OMERS), a multi-employer pension plan. The plan is a defined benefit plan which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. The Administration Corporation Board of Directors, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the assets and administration of benefits. OMERS provides pension services to more than 500,000 active and retired members and approximately 1,000 employers.

Each year an independent actuary determines the funding status of the OMERS Primary Pension Plan (the Plan) by comparing the actuarial value of invested assets to the estimated present value of all pension benefits that members have earned to date. The most recent actuarial valuation of the Plan was conducted at December 31, 2020. The results of this valuation disclosed total actuarial liabilities of \$113,055 million in respect of benefits accrued for service with actuarial assets at that date of \$109,844 million indicating an actuarial deficit of \$3,211 million. Because OMERS is a multi-employer plan, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organization and their employees. As a result, the board does not recognize any share of the OMERS pension surplus or deficit. During the year ended August 31, 2021, the board contributed \$7,547,195 (2020 - \$6,977,931) to the plan.

(tabular amounts in thousands of dollars)

For the year ended August 31, 2021

5. Retirement and Other Employee Future Benefits - continued

(iii) Retirement Gratuities

The board provides retirement gratuities to certain groups of employees hired prior to specified dates. The board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the board's consolidated financial statements. The amount of the gratuities payable to eligible employees at retirement is based on their salary, accumulated sick days, and years of service up to August 31, 2012.

During the year ended August 31, 2021, the board contributed \$4,662,122 (2020 - \$3,348,740) related to retirement gratuities.

(iv) Retirement Life Insurance and Health Care Benefits

The board continues to provide life insurance, dental and health care benefits to certain employee groups after retirement until the members reach 65 years of age. The premiums may be based on the board experience and retirees' premiums may be subsidized by the board. The benefit costs and liabilities related to the plan are provided through an unfunded defined benefit plan and are included in the board's consolidated financial statements.

During the year ended August 31, 2021, the board contributed \$116,742 (2020 - \$104,980) related to these benefits.

(d) Other Employee Future Benefits

(i) Sick Leave Benefits

During the year ended August 31, 2021, the board contributed \$620,043 (2020 - \$351,468) related to sick leave benefits.

Sick Leave Top-Up Benefits

A maximum of eleven unused sick leave days from the current year may be carried forward into the following year only, to be used to top-up salary for illnesses paid through the short-term leave and disability plan in that year. The benefit costs expensed in the consolidated financial statements are \$863,449 (2020 - \$392,014).

(tabular amounts in thousands of dollars)

For the year ended August 31, 2021

5. Retirement and Other Employee Future Benefits - continued

The accrued benefit obligations as at August 31, 2021 for the employee future benefit plans detailed above in paragraphs (c)(iii), (c)(iv), and (d)(i) are based on actuarial valuations for accounting purposes as at August 31, 2021. These actuarial valuations were based on assumptions about future events and based on updated average daily salary and banked sick days at August 31, 2021. The economic assumptions used in these valuations are the board's best estimates of expected rates of:

	2021	2020
Inflation	1.50 %	1.50 %
Wage and salary escalation	NIL %	NIL %
Health care cost escalation	5.00 %	7.25 %
Dental cost escalation	5.00 %	4.50 %
Discount rate on accrued benefit obligations	1.80 %	1.40 %

The board has restricted a portion of its accumulated surplus for certain of these employee future benefits in the amount of \$22,977,032 as at August 31, 2021 (2020 - \$28,183,644).

(ii) Workplace Safety and Insurance Board Obligations

The board is a Schedule 2 employer under the *Workplace Safety and Insurance Act* and, as such, assumes responsibility for the payment of all claims to its injured workers under the Act. The board does not fund these obligations in advance of payments made under the Act. The benefit costs and liabilities related to this plan are included in the board's consolidated financial statements. School boards are required to provide salary top-up, to a maximum of 4 1/2 years, for employees receiving payments from the Workplace Safety and Insurance Board, where the collective agreement negotiated prior to 2012 included such a provision.

During the year ended August 31, 2021, the board contributed \$1,539,558 (2020 - \$1,667,764) related to Workplace Safety and Insurance Board obligations.

The Workplace Safety and Insurance Board obligations for employee future benefit plans as at August 31, 2021 are based on actuarial valuations for accounting purposes as at August 31, 2021. These actuarial valuations were based on assumptions about future events. The economic assumptions used in these valuations are the board's best estimates of expected rates of:

	2021	2020
Inflation	2.00 %	2.00 %
Insurance and health care cost escalation	4.00 %	4.00 %
Discount on accrued benefit obligations	1.80 %	1.40 %

	\$	41,082	\$ 128,843	\$ 70,051	\$ 239,976

Interest on long-term debt amounted to \$11,077,958 (2020 - \$11,372,635).

Included in net long-term debt are outstanding sinking fund debentures of \$76,565,000 (2020 - \$76,565,000) secured by sinking fund assets with a carrying value of \$47,387,543 (2020 - \$42,444,038) and a market value of \$52,057,851 (2020 - \$48,082,640). Sinking fund assets are comprised of 23 guaranteed investment certificates bearing interest from 1.26% to 4.35% and maturing between August 28, 2023 and June 2, 2026. During the year, interest earned on the sinking fund assets amounted to \$1,395,506 (2020 - \$1,307,026).

(tabular amounts in thousands of dollars)

For the year ended August 31, 2021

7. Tangible Capital Assets

a) Assets under construction

Assets under construction having a value of \$37,217,591 (2020 - \$22,341,733) have not been amortized. Amortization of these assets will commence when the asset is put into service.

b) Write-down of Tangible Capital Assets

There were no write-downs of tangible capital assets during the year or in the previous year.

c) Asset inventories for resale (assets permanently removed from service)

The board has identified \$2,903,703 (2020 - \$1,265,279) of building properties that qualify as "assets permanently removed from service"; \$2 (2020 - \$1) related to buildings has been included in the net book value ending balance as at August 31, 2021.

d) School properties sold during the year

During the year, three school properties (2020 - no school properties) were sold. Net proceeds of \$6,648,520 was received on the sale of the properties in 2021, which had a carrying value of \$2,090,299, resulting in a gain of \$4,558,221. The entire gain was deferred for future capital asset purchases according to Ontario Regulation 193/10.

9. Budget Data

The unaudited budget data presented in these consolidated financial statements is based upon the 2021 budgets approved by the Board of Trustees on July 7, 2020. The chart below reconciles the approved budget to the budget figures reported in the Consolidated Statement of Operations. Where amounts were not budgeted for, the actual amounts for 2021 were used in order to adjust the budget numbers to reflect the same basis of accounting as that used to report the actual results.

As boards only budget the Consolidated Statement of Operations, the budget figures in the Consolidated Statement of Changes in Net Debt have not been provided.

	 2021

	\$ 668,044	\$	660,554	\$ 626,249

11. Trust Funds

Trust funds administered by the board amounting to \$7,115,064 (2020 - \$6,403,263) have not been included in the consolidated statement of financial position nor have their operations been included in the consolidated statement of operations.

Simcoe County District School Board Notes to the Consolidated Financial Statements (tabular amounts in thousands of dollars)

For the year ended August 31, 2021

12. Partnership in the Simcoe County Student Transportation Consortium

The board and the Simcoe Muskoka Catholic District School Board (SMCDSB) jointly operate the Simcoe County Student Transportation Consortium (SCSTC) to provide common administration of student transportation in the County. The agreement related to the operation of the SCSTC was executed in an effort to increase delivery efficiency and cost effectiveness of student transportation for each of the school boards. Under the agreement, decisions related to the financial and operating activities of the SCSTC are shared. No partner is in a position to exercise unilateral control.

This entity is proportionately consolidated in the board's consolidated financial statements whereby the board's pro rata share of assets, liabilities, revenues and expenses of the SCSTC are included in the board's consolidated financial statements. Inter-entity transactions and balances have been eliminated on consolidation.

The following provides condensed financial information:

	 2021 Total	2021 SCDSB Portion (60%)	2020 Total	2020 SCDSB Portion (60%)
Financial Position Financial assets Liabilities Non-financial assets	\$ 988 (189) 342	\$ 593 (113) 205	1,254 (214) 70	\$ 752 (129) 42

Annual surplus	\$ 31	\$ 18	\$ 78	\$ 47

(tabular amounts in thousands of dollars)

For the year ended August 31, 2021

13. Repayment of "55 School Board Trust" Funding

On June 1, 2003, the board received \$27,129,972 from the "55 School Board Trust" for its capital related debt eligible for provincial funding support pursuant to a 30 year agreement it entered into with the trust. The "55 School Board Trust" was created to refinance the outstanding Not Permanently Financed (NPF) debt of participating boards who are beneficiaries of the trust. Under the terms of the agreement, the "55 School Board Trust" repaid the board's debt in consideration for the assignment by the board to the trust of future provincial grants payable to the board in respect of the NPF debt.

As a result of the above agreement, the liability in respect of the NPF debt is no longer reflected in the board's consolidated statement of financial position and the flow-through of \$2,021,201 (2020 - \$2,021,201) in respect of the above agreement is not recorded in these consolidated financial statements.

14. Contingent Liabilities

- a) During the normal course of operations, various proceedings and claims are filed against the board. The board reviews the validity of these claims and proceedings and management believes any settlement would be adequately covered by its insurance policies and would not have a material effect on the consolidated financial position or future consolidated results of operations of the board. Accordingly, no provision has been made in these consolidated financial statements for any liability that may result. Any losses arising from these actions will be recorded in the year that the related litigation is settled.
- b) The board had letters of credit outstanding with the bank as at August 31, 2021 of \$3,467,053 (2020 \$4,995,669), which were required from the municipalities for security on some of the construction projects.

(tabular amounts in thousands of dollars)

For the year ended August 31, 2021

15. Contractual Obligations

a) The board has ongoing commitments under operating leases for premises rent and maintenance vehicles.

The sum of \$4,549,524 is payable with respect to these operating leases as follows:

2022	\$ 1,639
2023	1,043
2024	850
2025	277
2026	177
Thereafter	 564
	\$ 4,550

b) During the year the board had work performed on several major projects related to the construction and upgrading of certain permanent facilities under the terms of various contracts. Approximately \$32,133,889 related to these contracts has not been expended as at August 31, 2021 (2020 - \$20,742,647).

(tabular amounts in thousands of dollars)

For the year ended August 31, 2021

16. Impact of COVID-19

On March 11, 2020, the World Health Organization declared the outbreak of the coronavirus (COVID-19) a global pandemic. The pandemic has had a significant impact on the global economy and the education system. On March 12, 2020, the Province of Ontario ordered the closure of all publicly funded schools. This closure was later extended to include the remainder of the 2019-2020 school year and education services were moved to a virtual learning platform.

The Ontario Ministry of Education has provided new funding and authorized the redirection of existing funding towards the costs related to implementing safe reopening measures and procuring personal protective equipment. During the year, the board has incurred costs of \$14,329,234 (2020 - \$5,140,904) related to these initiatives.

During the 2020-2021 school year, students in publicly funded schools were either learning in school or online depending on guidance and direction from the Ministry of Education and local public health units. Schools have physically re-opened in September 2021.

Although the disruption from the virus is expected to be temporary, given the dynamic nature of these circumstances, the duration and the related financial impact cannot be reasonably estimated.

Due to the response to COVID-19, the Province of Ontario extended the deadlines for municipalities to pay Education Property Tax (EPT) amounts to the board. This amount for the board was \$NIL (2020 - \$38,214,481) and has been included in accounts receivable on the consolidated statement of financial position. This amount was recovered by the board in 2021.

To mitigate the financial impact of this deferral, the Province adjusted its cash flow through the School Board Operating Grant in July 2020 to pay an additional amount equal to about 25% of the annual education property tax amount as forecasted by the board in the 2019-20 Revised Estimates. This amount for the board was \$NIL (2020 - \$42,190,488). This amount was recovered by the Province in 2021.

In response to COVID-19, the Province of Ontario announced a Business Education Tax (BET) reduction in the 2020-21 Budget. The BET reduction is lowering all high BET rates to a rate of 0.88 percent for both commercial and industrial properties beginning in the 2021 calendar year. To ensure these measures do not have a financial impact on school boards, the Province adjusted payments to the school boards in July and August. This amount for the board was \$4,612,273 (2020 - \$NIL).

For the year ended August 31, 2021

17. In-Kind Transfers from the Ministry of Government and Consumer Services

The board has recorded entries, both revenues and expenses, associated with centrally procured in-kind transfers of Personal Protective Equipment (PPE) and Critical Supplies and Equipment (CSE) received from the Ministry of Government and Consumer Services (MGCS). The amounts recorded were calculated based on the weighted average cost of the supplies as determined by MGCS and quantity information based on the board's records. The in-kind revenue recorded for these transfers is \$2,255,158 with expenses based on use of \$1,625,394 for a net impact of \$629,764. This amount has been recorded as inventory on the statement of financial position.
